Dear Friends:

It is a privilege to recognize the New Beginnings Community Center as you celebrate the second annual New Beginnings Gala. While I am unable to attend, I know it will be a memorable occasion.

I am inspired by your passion, dedication, and commitment to building an outpatient facility for traumatic brain injury patients. As someone who suffered from brain aneurysms and spent many months in hospitals, I am truly appreciative of your efforts to increase awareness of brain related trauma and provide support to survivors. Your work is not only enhancing the lives of individuals affected personally by brain injuries, but is bringing hope to their families and friends.

I would like to extend my personal well wishes to all who support the New Beginnings Community Center and whose hard work made the Gala a success. Thank you for your unwavering devotion to this important cause.

I wish you much success and happiness in the years ahead.

Sincerely,
